At: Nacchipur, Po: Bhatapatna,
Dist: Cuttack.

Sub: Visit report of Dr. S.S. Bara, Medical Officer, CHC Mahidharpada, Cuttack.

Sir,

According to your request, I visit your Vidyalaya Premises and inspected the lavatory facilities (latrines & Urinals) and water sources. I also verified the Drinking water facilities.

I found these above facilities are within norms. The sanitation and cleanness is up to standard at present. There is no epidemic or endemic situation at present.

I suggest regular health check up of pupils (at least quarterly).

Yours Faithfully,
